

'Opening Doors To The Future'

Dear Daycroft Community,

Your support and belief in Daycroft School has enabled us to be successful in one of the most challenging years in the history of our school. The amount of time, energy, and resources that have allowed us to get to this point has been substantial, but well worth it. We feel so fortunate to have just completed our fifth week of in-person and connected learning. The learning and connection that our teachers are providing, given the current circumstances, is truly astounding.

The outstanding teachers and co-curricular teachers at Daycroft School continue to adapt and persevere through the constantly changing landscape of COVID. They do it because they love the school, and more importantly, the students whom they teach every day. Their love of teaching creates an environment where the students feel safe and supported, which in turn allows our students to explore and thrive at Daycroft School.

The theme of this year's Annual Fund is "Opening Doors To The Future." Your support helps to continue the amazing work that our teachers do every day. The foundation for the love of learning and becoming citizens of the world starts in the classrooms with your support. Daycroft School has undergone significant financial expenses over this past year. The added equipment and protocols have allowed for us to have in-person classes.

Your support in this year's annual fund is more important than ever. To support Daycroft School and our mission of *empowering each student with confidence, compassion, and a lifelong love of learning*, we need everyone's support. We currently have 100% participation from our Board of Trustees and 95% participation from the faculty. We would love to have matching participation from our parent community. Our goal this year is to raise \$40,000 which equates to about \$450 from every family. We ask that you give what you feel your family can give, knowing that this funding goes directly into supporting the school, the teachers, and your children. As a 501(c)(3) non-profit, 100% of your funding goes into supporting our day-to-day operations of the school. The annual fund helps Daycroft purchase necessary supplies for the classrooms, technology supplies for both the teachers, students, and connected learners, curriculum books, Montessori materials, and supports professional development for our teachers - amongst other things.

To make an immediate donation please click on our [Annual Fund Link](#) or you can make a payment through Venmo @Daycroft. Please inquire with your employer to see if they will match your gift to double your impact.

Thank you for all of your support,

David Lee
Head of School
