Private lessons with our qualified and engaging teachers are the best way for your student to progress musically on an individualized path at their own pace. In these private lessons, students will learn the proper technique of their instrument, music theory, and musicality. Private lessons will open the door to a lifelong love of music.

Lessons

Lessons will take place in half hour time slots. The schedule will be created upon enrollment.

Aftercare

Students waiting for their lesson time may go to Aftercare free of charge. Students returning to Aftercare *after* their lessons will be charged for this service at the usual rate of \$7 per hour, or any fraction of that hour, per student.

Equipment

Necessary instruments and supplies are to be provided by the student.

Practice

Practice at home is an essential part of learning any musical instrument. Individual teachers have recommendations of frequency and amount of practice, but it is a requirement for all lessons.

Parent Involvement

For Suzuki violin lessons, parent attendance and involvement is highly encouraged. According to this method of music education, parents are highly involved in the musical learning process. For parents who are unable to attend lessons alternate arrangements of videotaping lessons may be possible.

Enrollment

Enrollment will be per semester and through Michele McGrath, Auxiliary Program Director at Daycroft
michelem@daycroft.org
